Designing of the TMD

What is a Target Market Determination (TMD)?

A TMD is a determination that Tokio Marine has prepared to describe the class of customers which this product has been designed for and comprises of matters relevant to the distribution and review of this product.

This document provides the necessary information to assist Tokio Marine's customers, staff, and their distributors in understanding the TMD.

Product/s to which this TMD applies

This TMD applies to the AANT Domestic Travel Policy described in the Product Disclosure Statements listed in Appendix 1 (**PDSs**) that have been issued. The information in this TMD is general only and it is also not a full summary. Please read the Product Disclosure Statement (**PDS**) and any other relevant documents for full details of the Insurance.

Target Market for the product under this TMD

The Target Market for the AANT Domestic Travel Policy is outlined below:

Australian Residents over the age of 18, provided:

- The policy is purchased before the beginning of the trip; and
- The trip must be wholly within Australia.

Temporary Residents over the age of 18, provided:

- They hold a current Australian Visa (not a tourist, study or working holiday visa) that will remain valid beyond the period of their return; and
- They hold a return ticket; and
- They have a primary place of residence in Australia that they intend to return to; and
- The policy was purchased before the beginning of the trip; and
- The trip must be wholly within Australia.

The AANT Domestic Travel Policy is designed for travellers going on a single trip up to a maximum of 365 days entirely within Australia, arriving and departing the home of the policyholder. This product allows up to two (2) adults that do not need to be related and unlimited number of their children and grandchildren aged 25 and under.

The product is targeted to those that are travelling for leisure purposes. The product is not suitable for individuals without a known itinerary such as prebooked accommodation, or extreme sport thrill takers.

The product does not include any medical or evacuation cover as Tokio Marine is a general insurer and cannot cover medical costs in Australia. The key benefits provided within the product include, Cancellation Fees & Lost Deposits cover, Emergency Worker Leave, Emergency expenses, Rental Car Excess and loss, theft, or damage of Luggage.

Optional Add-on Features

This product also offers add-on **Medical Condition** feature. If there is a Medical Condition that does not meet the automatically covered criteria, an online medical assessment needs to be completed. If this condition is accepted by the Issuer, an additional premium payment will be required to provide cover for this condition. This will be shown on the Certificate of Insurance.

This product offers add-on **Ski and Winter Sports** feature for an additional premium. When including the Ski and Winter Sports Option, the following benefits are included within the policy coverage; Snow Ski Equipment Hire, Ski Pack, Bad Weather and Avalanche and Lift Pass coverage. The Ski and Winter Sports feature is suitable for individuals between the ages of 18 and 85.

The AANT Domestic Policy can include either the Ski and Winter Sports or the Medical Condition add-on feature, or it can include both if selected, or neither.

Domestic Cancellation Policy

The AANT Domestic Policy can be purchased as a Domestic Cancellation policy. The only benefit provided within this product is the Cancellation Fees and Lost Deposits cover for up to \$1,000 per adult. This product is designed for travellers going on a short, low-cost trip and only requiring coverage for cancellation. This policy also offers the add-on Medical Condition feature. However, the Ski and Winter Sports add-on feature is unavailable.

Rental Car Excess

The AANT Domestic Policy can also be purchased as a Rental Car Excess only policy. The only benefits provided within this product is for the rental car insurance excess costs or the costs of repairs to the car if there is an accident or a theft. This product is designed for travellers using a rental car to travel within Australia. The add-on features of Ski and Winter Sports and Medical Conditions are unavailable on this policy.

Review of the TMD

The Issuer will review this document in the following periods:

- a) **First review period:** Following the commencement of the TMD, an initial review of the determination will occur no later than 24 months after that date
- b) **Ongoing review periods:** A review of the TMD will occur at least every two (2) years following the first review period
- c) **Immediate Reviews:** Outside of the identified review period timeframes this document may be reviewed more regularly if circumstances arise to trigger a review. This may include but is not limited to:
 - Any material changes to the design of the product;

- Any material changes to the distribution of the product (including if existing distribution conditions are no longer appropriate);
- Any material changes to acceptance or underwriting criteria;
- If there is a significant dealing outside of the defined target market;
- An occurrence of an external event including political and global events, regulatory attention, or adverse media coverage;
- Discovery of a material defect in the PDS for the product;
- Significant number of complaints or feedback from customers;
- Significant changes to indicators including complaints, claims and loss ratios;
- Feedback from a regulator, the Code Governance Committee (CGC) or Australian Financial Complaints Authority (AFCA) to strongly suggest this TMD is no longer appropriate;
- Distribution of the product would cease if it were misaligned with this TMD.

Distribution of the Product

Distribution Conditions

These conditions will be applied to this product when it is being distributed:

- All distributors are to be authorised by the Issuer to distribute this product;
- This product must only be distributed in accordance with this TMD;
- Distribution of this product must comply with any specific channel distribution requirements;
- The TMD must be current and not subject to any ASIC action that might suggest that the TMD or the product is no longer appropriate.
